

Application of the Department of Academic Excellence has been
developed to research the project (this is a piece of research
and your research achievement. We are specifically interested in

page

and

watch

Research files _____ have allowed you to gain familiarity with the project (see
research)

2. Attach a 5-7-page research _____ in which you discuss each design specifically

What is the research question to address?

How has the established research in this area (has this been done) addressed this question
and to be considered the best design?

How good is the research design in terms of validity
and reliability?

What are the key findings of the research? How well is the evidence supported
by the research?

What bibliography (sources) have you used for your research?
